

Common Name	Scientific Name	Tree/Shrub/Annual/Perennial	Native/Non-Native	Flowering	Deciduous/Evergreen	Elevation	Max Height	Wildlife supported
Barb Goatgrass	<i>Aegilops triuncialis</i>	Annual	Non-Native (Invasive)				1.6 ft.	
Big Berry Manzanita	<i>Arctostaphylos glauca</i>	Shrub	Native	White	Evergreen		20 ft.	Insects and hummingbirds attracted to flowers, other birds attracted to fruit
Blue Gum	<i>Eucalyptus globulus</i>	Tree	Non-Native (Invasive)	White	Evergreen		200 ft.	
California Buckeye	<i>Aesculus californica</i>	Tree	Native	White	Deciduous		40 ft.	Native insects
California Coffeeberry/Buckthorn	<i>Frangula californica</i>	Shrub	Native	Green, White	Evergreen		15 ft.	Various birds
California Poppy	<i>Eschscholzia californica</i>	Perennial or Annual	Native	Yellow, Orange	Deciduous	Sea level to 2,000 meters (6,500 feet)	2 ft.	Birds, small herbivores, butterflies, bees, other pollinators
California Sagebrush	<i>Artemisia californica</i>	Shrub	Native	Cream, White, Yellow	Deciduous	Sea level to 1000 m (3300 ft)	8 ft.	Various birds, insects
California Wild Rose	<i>Rosa californica</i>	Shrub	Native	Pink	Deciduous	Up to 6000 ft (1800 m)	8 ft.	bees, butterflies, and birds
California/Pacific Blackberry	<i>Rubus ursinus</i>	Shrub	Native	White	Deciduous		6 ft.	Wide range from butterflies to bears
Canyon Live Oak	<i>Quercus chrysolepis</i>	Tree	Native	Yellow, Cream, Green	Evergreen		90 ft.	Many insects, birds, reptiles, amphibians, and mammals
Chaparral Currant	<i>Ribes malvaceum</i>	Shrub	Native	Pink	Deciduous	Below 1500 m (5000 ft)	8 ft.	Hummingbirds, bees, butterflies
Coast Live Oak	<i>Quercus agrifolia</i>	Tree	Native	Yellow	Evergreen	Usually below 700 meters (2300 feet), occasionally up to 1500 m (4921.26 ft)	82 ft.	Many birds, mammals, reptiles, and invertebrates
Coyote Brush/Bush	<i>Baccharis pilularis</i>	Shrub	Native	Yellow, White	Evergreen		10 ft.	Attractive to insects, including wasp galls
Creeping Snowberry	<i>Symphoricarpos mollis</i>	Shrub	Native	Pink	Deciduous		5 ft.	Hummingbirds and other birds
Englemann Oak	<i>Quercus engelmannii</i>	Tree	Native	Yellow	Evergreen, semi deciduous	Below 1300 m (4200 ft)	65 ft.	Many birds, mammals, reptiles, and invertebrates
Fiesta Flower	<i>Pholistoma auritum</i>	Annual	Native	Purple			4 ft.	
Fragrant Sumac	<i>Rhus aromatica</i> (formerly <i>trilobota</i> )	Shrub	Native	Cream, Yellow	Deciduous	Up to 7000 ft. (2100 m)	8 ft.	

Common Name	Scientific Name	Tree/Shrub/Annual/Perennial	Native/Non-Native	Flowering	Deciduous/Evergreen	Elevation	Max Height	Wildlife supported
Fuchsiaflower Gooseberry	<i>Ribes speciosum</i>	Shrub	Native	Red, Pink	Deciduous		10 ft.	Small mammals, hummingbirds and other birds
Interior Live Oak	<i>Quercus wislizenii</i>	Tree	Native	Cream, Green	Evergreen	Sea level to 5,000 ft. (1500 m)	50 ft.	MAny insects, esp. butterflies
Lemonade Berry	<i>Rhus integrifolia</i>	Shrub	Native	Pink	Evergreen	Usually below 900 m (3000 ft)	30 ft.	Many birds, small mammals, and insects
Poison Oak	<i>Toxicodendron diversilobum</i>	Shrub	Native	White	Deciduous		13 ft.	Deer, squirrels, other native animals
Purple Chinese Houses	<i>Collinsia heterophylla</i> (syn. <i>C. bicolor</i> )	Annual	Native	Purple, Blue		Below 1000 m (3300 ft)	1.6 ft.	
References:								
Southern California Black Walnut	<i>Juglans californica</i>	Tree	Native	Yellow	Deciduous		75 ft.	Many birds and small animals
Spiny Redberry	<i>Rhamnus crocea</i>	Shrub	Native	White, Yellow, Cream	Evergreen	Below 3000 ft (900 m)	7 ft.	Various birds
Sugar Bush	<i>Rhus ovata</i>	Shrub	Native	White, Pink	Evergreen	Below 1300 m (4200 ft)	33 ft.	Insects attracted to flowers, birds to fruit
Toyon / California Holly	<i>Heteromeles arbutifolia</i>	Shrub	Native	White	Evergreen		usually 8 ft. some to 30 ft.	Bees attracted to flowers, birds eat berries
Valley Oak	<i>Quercus lobata</i>	Tree	Native	Yellow, Cream	Deciduous	Usually 600 m (2000 ft.), but up to 5,600 ft (1700 m)	100 ft.	Many insects, birds, reptiles, amphibians, and mammals
